Words meeting an abbreviation

The board asked what the change means in practice. The more AI can do, the more the board matters. When AI acts on its own, responsibility does not move. For larger companies it can mean AI that screens applicants, and that is AI the board must understand.

Hyphenated compounds

Relevant terms here are e-mail, the EEA-agreement, GDPR-fines, the IT-department, AI-agents, AI-systems, AI-policy, AI-generated summaries and ISO 27001-certification.

Em dashes

The board does not disappear — it becomes more important. Routine work shrinks — judgement remains. That is the core of the job — and the part that cannot be automated.

Mixed paragraph

When AI drafts the minutes, someone still signs them. The e-mail goes out, the IT-department archives it, and the EEA-agreement still applies. The more AI writes, the more it matters that a person reads it.
